Form 10-K for Fiscal Year Ended December 31, 2018

Management's Discussion and Analysis of Financial Condition and Results of Operations
Liquidity and Capital Resources
Operating Activities, page 27

1. Please quantify all variance factors cited pursuant to section 501.04 of staff's Codification of Financial Reporting so that investors may readily understand the magnitude of each. Also, please note citing factors such as operating results and changes in balance sheet items may not provide a sufficient basis to understand how operating cash between comparative periods was affected and varied. In this regard, supplement your analysis with the material drivers underlying the factors cited, as appropriate. Refer to section IV.B.1 of Release No. 33-8350 for guidance.
